NOTICE

On September 3, 2019, the City Council held a public hearing on the proposed FY2019-2020 Budget that was ultimately adopted on September 10, 2019. The budget included rate adjustments for water, wastewater, and solid waste service based on an independent third-party Cost of Service and Rate Design Study by NewGen Strategies & Solutions. Customers can expect to see the new rates reflected in their utility bill received during the month of November 2019. A comparison of current and adopted rates is listed below:
